

MESSAGE FROM EDITOR-IN-CHIEF

Quest for knowledge is the prime condition of education. 'Education is the manifestation of the perfection already in man'. Education requires continuous innovative research and development to embrace new issues and challenges in changing phenomena. An educational institution or a college system consists of a gamut of researchers involved in multifarious domain of study and research. In a real sense, a journal published by the college may act as a platform for dissemination of knowledge gained through multi - and inter-disciplinary research activities. The inaugural volume of 'Ensemble' is such a venture to publish research work in the fields of arts, science and social sciences creating a forum for academics and researchers of various disciplines. As the Editor-in- Chief of 'Ensemble', I appreciate very much of the high level of motivation of the contributors exhibited through their positive response and earnest endeavour in bringing the first volume of journal 'Ensemble' to print. The 'Ensemble' has created a vibrant group of researchers for interaction and exchange of ideas in interdisciplinary research issues.

I would like to invite sharing of views from readers and their valuable suggestions for improving our journal further. My heartiest congratulation and sincere thanks to all contributors , editorial board members, reviewers and others involved, directly or indirectly, in this honest and sincere effort for publication of this journal.

I wish the success of 'Ensemble'.

Itahar, The 20th March 2019

Dr. Bela Das
Editor-in-Chief
ENSEMBLE
