

MESSAGE FROM EDITOR-IN-CHIEF

We have reached the next step for the fulfillment of our dream. We are in the process of bringing out 'ENSEMBLE' A bilingual peer-reviewed academic journal Volume I Issue 2, September 2019.

Education is a dynamic process, always on the go, subject to research invention and realization in different fields relevant to education. Our ENSEMBLE provides exposure to research scholars, faculty members as well as students in honing their inherent capabilities. Our previous issue of ENSEMBLE has been very useful among the research scholar and person interested in gradual developing phases of education.

This special feature of this issue is, for the first time we are able to incorporate contribution from an eminent professor and educationist like Prof. Dr. Ananda Gopal Ghosh, former professor, the University of North Bengal entitled 'Refocusing the aftermath of Partition, 1947; A Case Study of West Bengal'. Moreover, we got two articles on Vidyasagar on the eve of his bi-centenary birthday celebration from two researchers. This issue also consists of many more valuable write-ups.

As the Editor in Chief of ENSEMBLE, I express my thanks and gratitude to all contributors for their high-level original thinking and motivating us for the preparation of this issue.

Through ENSEMBLE we have been able to create a group of researchers for the interaction of ideas and different research areas. I also express my thankful gratitude who in their different capacities have extended their hands of cooperation for the preparation of this issue.

Any constructive suggestions for the development of this instrument are always welcome.
