

FOREWORD TO THE FIRST VOLUME

It is my great pleasure to present the second volume of ENSEMBLE, an interdisciplinary peer-reviewed academic journal published bi-annually by Dr. Meghnad Saha College. The ENSEMBLE provides a platform for academics and policymakers to share their research. I am delighted that all authors who have submitted articles exhibited their interest to share their research. In addition I express my sincere thanks to all academics who have contributed to the second issue, vice principal Dr. Mukunda Misra, members of editorial board, all teaching staff of this college and many others. The first volume was published in 2019 and it has been well received by all academics of different disciplines of different colleges and Universities and a few months after the launch of the inaugural issue of first volume, the second volume of ENSEMBLE reflects a wide range of articles covering the modern trends of multi-disciplinary researches.

I hope that all will enjoy the high quality interesting and diversified articles of the second volume of ENSEMBLE and will encourage many more authors to submit manuscripts in the following issues. I hope this issue arouses our reader's interest so that articles published in ENSEMBLE may motivate the research ideas in future.

Malda, The 30th September 2019
